Yeah i want to order the flags we can get them in time for playoffs if i order this week

I ordered stickers and i updated everyone on the subscription service thing. It will be monthly which really doesnt work for us. We have time to figure it out.

Thanks [@Jon Light](#). [@Erick Jusino](#) what do you have for us

**Erick Jusino** 8:13 PM

Hey everyone. DNA went as well as it could, they were all a bit bummed about the drum (I heard about it like 5 times) so if we can either pin that down or get a new one for events/away games and such in the future, that would be great. The kids did enjoy the soccer nets and everyone at that school has a heck of a leg (We got hit in the nuts like twice). I made a 7 slide carousel for IG and FB for Pints Fur Pets, we could probably include one or two of the most relevant slides in the Knack or elsewhere. I'll share that in social media chat after the meeting.
